

# CONCIERGE HAPPENINGS

## VIP VEGAS

**It** is a well known fact that Henry Ford had the support of experts in all areas of business. Mr. Ford had a switch board with 100 connections on his desk that rang directly to the desks of those experts he hired. Having each accessible by the push of a button allowed Henry to enjoy life and the grandeur his success had given him. Although Henry was a shining example of American ingenuity and success, he reached his milestones with the support of experts in the many different fields Mr. Ford chose to tackle.

**Las Vegas** and its varied entertainment options are no different than the obstacles Mr. Ford encountered. There are hundreds of options when considering dinner, shows, nightclubs, concerts and all the events that occur in Vegas every day. Vegas nightlife has become an international phenomenon winning awards and prompting other parts of the world to create their locations in "Vegas Style". Celebrities, dignitaries and corporations buy out venues to secure their seats, and thousands are left waiting in line throughout the city never to see the inside of a club their "friend set up" for them. Have you ever been ignored while groups are escorted right by you by experts in nightlife that know everybody and are recognized immediately?

**Take** a page from Mr. Ford's success story... hire the experts who have been doing this since nightclubs began in Vegas. Mr. Ford never questioned his experts. He hired them because they knew the best thing to do when he called upon them. Make the choice to enjoy Vegas with a personal host that organizes your entire night and escorts you and your group throughout the evening like the VIP's you are.

**Your** concierge will set you up with a personal host that will not only get you past those "velvet ropes", but also give you peace of mind & an experience you won't soon forget.

# LIFESTYLE MANAGEMENT

*“Our Services are Limited Only by  
Your Imagination”*

## So much to do...not enough time...

Sound familiar? Well, help has arrived! We are here to make your life a little bit easier so you can focus on the things you enjoy. Many times our new clients will say to us, “I’m just not sure how to use your services”. For those of you that have been with us for a while, I imagine you are saying “WHAT??” For those “personal concierge newbies” out there, we would like to offer some suggestions...

\* You have company coming into town this weekend, your week has been absolute chaos, you’re just not sure how you’re going to get it all done. Call us...we’ll whip into action...set-up the cleaning service for Friday, stock the fridge with groceries, secure primo seats to the show your out-of-town guests have been “dying to see”, make dinner reservations & arrange to have a sedan pick up your guests from the airport so you can sneak in a bubble bath before it ALL BEGINS.

\* You just closed on a house in Vegas, but you’ve got to get back home to Ohio, leaving your second home behind with a to-do list a mile long & an uneasy feeling knowing you won’t be back for months. Ceiling fans, alarm system & water softener all need to be installed, you picked out furniture, but it won’t be in until next month and you didn’t have a chance to find a pool service & landscaping company you could trust. No worries...we’ve got you covered! Just give us your list & it’s as good as done. We will schedule & oversee installations & deliveries, obtain quotes from our pre-screened companies for pool/landscaping maintenance, and keep an eye on your home while you’re away...running the faucets, checking doors & windows, keep the thermostats set for the season, check the landscaping and more. When you come back, send us your grocery list & we’ll have everything waiting for you so you can SIT BACK & ENJOY your “home away from home”!
